## **MOON OVER WHEELING**

*Wednesday, November 30, 7:00 - 8:30 p.m.*

The Lake County Astronomical Society is hosting this event in an attempt to view a bright phase of the Moon. You'll see the bright planet Jupiter and the dimmer planets, Uranus and Neptune. Jupiter's four bright moons will be visible, too. At the start of the event, you might be able to see the shadow of one of the moons, Io, on Jupiter's clouds. This program will depend solely on the weather; therefore, if the skies are cloudy or it's raining, this program will be postponed. Dress appropriately since you are going to be outside by the front lobby. Bring your own telescope or get in line to use one from the club. Limit 120. R

R = Registration required; NR = No registration;  
TR = Tickets required, available 30 minutes  
before program at the Kids Desk on a first-come  
first-served basis.
